

SERVICES

474 3D Printer

The library's 3D printer is available to Indian Prairie Public Library cardholders to make three-dimensional objects in plastic using a design that is uploaded from a digital computer file.

Patrons are not permitted to use the library's 3D printer to create objects which are:

- Prohibited by local, state or federal law.
- Unsafe, harmful, dangerous or pose a threat to the well-being of others.
- In violation of the terms of use of the manufacturer of the 3D printer.
- Obscene, sexually explicit or inappropriate for the library environment.
- In violation of a person's intellectual property rights, e.g. the printer may not be used to reproduce objects which are protected by a copyright, patent or trademark.

The library reserves the right to review and approve all materials before printing. The 3D design may be examined to ensure compliance with this policy and is capable of production. If there is a problem with the design and/or production, the patron will be informed of the problem(s) and the change(s) needed before the design can be printed. The library cannot guarantee that a print job will be completed within a particular time frame. The library recognizes that an original design is the property of the designer and we will not duplicate that design for someone else.

The library reserves all rights to:

- Refuse any 3D print request.
- Stop printing a request due to time or printer capabilities.
- Set a limit as to the maximum amount of time a print job may take.
- Charge users for print requests.
- Limit the number of print requests.
- Limit access to 3D printing services to Indian Prairie Public Library District cardholders.

Adopted 8/20/14, complete review & revisions approved 5/18/16
