Apps, Buttons, & Term to Remember

Camera

Captures photo and video to your device.

Gallery

Stores photos and video into folders. You can also share and edit photos as well.

Share Button

Brings up a menu to share your photos or video. You can email, Facebook, Tweet and more.

Menu

Where ever you see this symbol it will bring up an additional menu with more features.

Revert: Removes all cropping and styling changes to a photo and converts it back to it was originally.
