## Thinking of buying a Chromebook?

Here is helpful guide!

- **Do you just browse the internet?** Then a Chromebook might be a good fit for you. Chromebooks are cheaper!
- **Do you need a very specific program on your computer?** Do some research to see if Chromebook can run it.
- **Do you own a smart phone?** Some Chromebooks have the ability to work with your Android device.

## Download your favorite Android Apps to your Chromebook!

The Google Play Store is available on Chromebooks. Download your favorite games, movies, music and more! Look for the Google Play icon in the launcher.
